

## BELGIAN STRIKE IS COMPROMISED BY GOVERNMENT

Accepts Resolution of Liberal Leader in Parliament and 500,000 Men Will Return to Work

BRUSSELS, April 22.—The "political strike" in Belgium, after keeping at a standstill the country's industry and commerce for ten days, has been brought to a conclusion favorable to the workmen, nearly half a million of whom laid down their tools to enforce their demand for equal suffrage.

The leaders of the Socialist Trades Unions and their followers have gained their first point, which was to make the Government take into consideration a change of the Belgian Parliamentary franchise, hitherto to their disadvantage at the polls, owing to its system of plural votes for the wealthier and more highly educated classes.

At the last returns 993,070 men possessed one vote, 395,566 two votes and 308,632 three votes, so that the single votes were always overwhelmed.

This is the first occasion on record in which a political strike has resulted in victory for the strikers, and the whole movement has been notable for the energy and determination displayed and for the excellent control shown by the men, who have entirely refrained from violence.

They have not yet obtained their full demand, but the Socialist leaders express certainty that the consideration of their claims will result in the franchise being made equal for all.

## ELEVATOR CAR IS BUMPED.

Passengers Are Shaken Up When It Bounces Fifteen Feet.

Frank Ennis, in charge of an elevator car in the Temple Bar Building at No. 44 Court street, Brooklyn, forgot to shut off the power as his car reached the first floor on a trip from the top today. The car struck a set of springs provided for just such an emergency, rebounded fifteen feet and settled back again with a jar that was heard all over the building.

The seven passengers in the car were bruised and shaken up, but none severely enough to require immediate medical treatment.

## CHURCHILL VICTIM OF WOMAN ROBBER WHO GOT STATE SECRETS?

London Hears Lord of Admiralty Was Relieved of Wallet Holding Important Papers.

LONDON, April 22.—Enemies of Winston Spencer Churchill, First Lord of the Admiralty, to-day were busy with schemes to get his reported robbery on the Riviera before the House of Commons.

According to a story current here, a beautiful young woman was an attentive watcher while Churchill recently played for high stakes in one of the exclusive resorts at Cannes, and when the Lord of the Admiralty boarded his private yacht later on the same night, he found that he had been robbed of a wallet in which the young woman had seen him deposit his winnings, \$2,500.

The worst feature of the affair was that the wallet also contained many valuable papers of the Admiralty, disclosing some important secrets of the British Navy.

It is surmised that the young woman is one of the notorious "secret diplomats" of Europe, who is engaged in stealing important State papers and information from one nation, to hand them over to another.

While no official admission of the robbery has been made it is known that the Admiralty is greatly aroused and that scores of Scotland Yard detectives are at work on the case.

Says China Is Ahead of Us in Flying.

G. M. Dyott, an English aviator, was a passenger on the Minnetonka from London today. He is on his way to Mexico to negotiate with that Government for the purchase of some of his machines. Then he goes to India. He said that China had been buying flying machines very largely during the last few years and that China is far ahead of America in the study and knowledge of the airships.

China Ready to Negotiate Loan. LONDON, April 22.—A group of London financiers received a telegram to-day notifying them that the Chinese Government was ready to negotiate with the "Five-Power-group" a loan of \$125,000,000 at 5 per cent.

## GIRL LOSES ESTATE FIGHT.

Court Holds That Mother Has Not Proved Marriage.

Anna O'Connor, a pretty girl, twenty years old, was in the Surrogate's Court, Brooklyn, to-day, with her mother and guardian, Mrs. Kate Robinson O'Connor, during the hearing on a motion to set aside the appointment of Frank Connor as administrator of the estate of the late John O'Connor.

The deceased had been a policeman on the Brooklyn force and saved enough money to retire thirty years ago and open a grocery store at Sixth avenue and Nineteenth street, Brooklyn.

Things went well with him in the grocery line and he invested in real estate. When he died several months ago he left an estate of \$60,000. Mrs. Kate Robinson was his housekeeper until 1902, when she left him. She claimed that she was married to him in 1891, and Anna was born in the following year. Surrogate Ketcham denied the motion of mother and daughter, declaring that the marriage had not been proved.

## HARRY THAW'S SISTER WEDS.

Former Wife of Earl of Yarmouth Marries Boston Banker.

CUMBERLAND ISLAND, Ga., April 22.—Mrs. Alice Copley Thaw and Geoffrey G. Whitney were married here to-day at the estate of Mr. and Mrs. George Carnegie, brother-in-law and sister of the bride.

Mrs. Whitney was formerly the wife of the Earl of Yarmouth, whose marriage was annulled several years ago.

## Gray Hair Recipe

This Simple Recipe, Made Up at Your Home, Solves the Problem.

A good many men and women go through life handicapped by gray hair, believing that it cannot be darkened so as to escape detection among their friends. This is altogether wrong. Of course the cheap dyes and stains are often unsatisfactory, but here is a simple little formula, which you can put up at home for very little cost, that will be found to meet every requirement: To 7 oz. of water add one small box of Barbo Compound, 1 oz. of bay rum and 1/4 oz. of glycerine, and you'll have a delightfully good preparation for gradually darkening gray hair or beards, as well as a good remedy for dandruff and other scalp disorders. It is to be applied once a week until the hair is darkened, then once every two weeks. It has none of the objectionable qualities of ordinary dyes and stains—stickiness, rubbing off, and such defects—and is genuinely reliable in every way.—Advt.

## LOOK YEARS YOUNGER! GRAY HAIR DARKENED BEAUTIFULLY WITH SAGE

Says Sage and Sulphur Will Stop Falling Hair and Cure Dandruff.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, then left to age and carefully filtered will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair.

Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggy and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss. Some druggists make their own, but it isn't nearly so nice as "Wyeth's."

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur no one can tell, because it does it so naturally; so evenly. You just dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. Do this to-night and by morning all gray hairs have disappeared; after another application or two it will be restored to its natural color and be even more glossy, soft and luxuriant than ever.

Local druggists say they are selling lots of "Wyeth's Sage and Sulphur" and it surely helps folks appear years younger.
